MEMORANDUM

DATE: November 8, 1985
TO: David E. Bedan, Ph.D., Director,
Waste Management Program
FROM: John D. Doyle, P.E., Chief, Permits Section
Waste Management Program
SUBJECT: Application for a Solid Waste Disposal Area Operating Permit
No. 118912 West Lake Landfill, Inc. Sanitary Landfill.

The Permits Section has completed review of the proposed West Lake Landfill, Inc. Sanitary Landfill application. Based on our review, the Permits Section has prepared the attached draft permit and recommends that this permit with the conditions noted be submitted for approval to the director. Also included is a memo for your signature which will forward this document.

The application and attached draft permit were reviewed and prepared respectively by those listed below:

MEMORANDUM

DATE: November 8, 1985
TO: William C. Ford, P.E., Director, Division of Environmental Quality
FROM:  David E. Bedan, Ph.D., Director, Waste Management Program
SUBJECT: Solid Waste Disposal Area Operating Permit #118912, West Lake
Landfill, Inc. Sanitary Landfill, St. Louis, County.

The Waste Management Program has reviewed the Application for Operating Permit for the West Lake Landfill, Inc. Sanitary Landfill and recommends that an operating permit for a solid waste disposal facility be issued with conditions as stated in the attached permit document.

This site is a 33 acre limestone quarry pit. It is contiguous to two previously landfilled, limestone quarry pits.

Mayor Abram of the City of Bridgeton sent a telegram expressing concern about the proposed site, and requesting the Waste Management Program to review the application carefully.

There is no other known opposition to the site.

This document is submitted for your review and approval. Should you have any recommended changes, please note these on the attached documents, initial these changes, and return the document to the Waste Management Program. These changes will then either be incorporated into the permit document or we will request further discussion on the recommended changes.
